WINDOW BAG
Safe and economical sterilizable bag

Ideal for:

For packaging of surgical instrument sets
Material Composition
- Multilayer PE film or reinforced PE/PA/PE combination with a strip of Tyvek®
- Standard range + private label sizes and printing

Applications
- For packaging of custom-assembled sets of instruments and other surgical items such as drapes, individual towels, drain tubes or syringes
- For IR and EO sterilization

Benefits
- Economical, because of the reduced amount of Tyvek® used in the bag
- High porosity
- Clean peel
- Enhanced clarity and transparency
- Reliable barrier during transport, storage and handling
- Available also in white color
